FAA-2006-25755-27

Re: Docket FAA-2006-25755

Dear Ms. Blakey:

This letter on behalf of our organization is in support of the Comments of Newport News/Williamsburg International Airport (PHF). We believe we speak for the entire Newport News/Williamsburg business community when we say that AirTran's three roundtrips to LaGuardia Airport (LGA) are critical to the companies, organizations, and citizens of this area. We strongly urge the FAA to allocate the LGA slots needed to continue operation of all three flights.

In five years (from 2000 to 2005), the number of PHG-LGA passengers grew from 4,000 to 137,900. This amazing increase reflects the importance of the LGA flights to our community. Unless the FAA gives AirTran or PHF two slots under the Final Order, we will lose our third roundtrip to New York City. This cannot happen. The local visitor impact of that third roundtrip on Southern Virginia is an estimated \$20.6 million per year! That translates into incredible business opportunities for the companies and individuals in this area. Without the third roundtrip, our community, this entire region, and military personnel and contractors will suffer greatly.

We very much appreciate that the FAA has made small communities and the promotion of competition a priority for LGA access. The Newport News/Williamsburg community has made great strides thanks to the FAA's efforts and that growth and prosperity will surely continue if three New York roundtrips remain available to our citizens. Therefore, please allocate two slots so that this small community may retain our third PHF-LGA roundtrip.

Sincerely,

Cc: Edgar E. Maroney (kwerner@nnwairport.com)

Re: Docket FAA-2006-25755

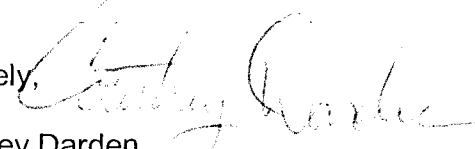

Dear Ms. Blakey:

This letter on behalf of The Williamsburg Winery and Wedmore Place is in support of the Comments of Newport News/Williamsburg International Airport (PHF). We believe we speak for the entire Williamsburg business community when we say that AirTran's three roundtrips to LaGuardia Airport (LGA) are critical to the companies, organizations, and citizens of this area. The New York tourist market represents 35% of the total tourist that visit Williamsburg and the surrounding areas. We strongly urge the FAA to allocate the LGA slots needed to continue operation of all three flights.

In five years (from 2000 to 2005), the number of PHG-LGA passengers grew from 4,000 to 137,900. This amazing increase reflects the importance of the LGA flights to our community. Re: Docket FAA-2006-25755

Dear Ms. Blakey:

This letter on behalf of our organization is in support of the Comments of Newport News/Williamsburg International Airport (PHF). We believe we speak for the entire Newport News/Williamsburg business community when we say that AirTran's three roundtrips to LaGuardia Airport (LGA) are critical to the companies, organizations, and citizens of this area. We strongly urge the FAA to allocate the LGA slots needed to continue operation of all three flights.

In five years (from 2000 to 2005), the number of PHG-LGA passengers grew from 4,000 to 137,900. This amazing increase reflects the importance of the LGA flights to our community. Unless the FAA gives AirTran or PHF two slots under the Final Order, we will lose our third roundtrip to New York City. This cannot happen. The local visitor impact of that third roundtrip on Southern Virginia is an estimated \$20.6 million per year! That translates into incredible business opportunities for the companies and individuals in this area. Without the third roundtrip, our community, this entire region, and military personnel and contractors will suffer greatly.

We very much appreciate that the FAA has made small communities and the promotion of competition a priority for LGA access. The Newport News/Williamsburg community has made great strides thanks to the FAA's efforts and that growth and prosperity will surely continue if three New York roundtrips remain available to our citizens. Therefore, please allocate two slots so that this small community may retain our third PHF-LGA roundtrip.

Sincerely,

People Management Associates
Robert Park
President

Re: Docket FAA-2006-25755

Dear Ms. Blakey:

I am writing to express James City County's support of the Comments of Newport News/Williamsburg International Airport (PHF). I believe we speak for the entire Newport News/Williamsburg business community when we say that AirTran's three roundtrips to LaGuardia Airport (LGA) are critical to the companies, organizations, and citizens of this area. We strongly urge the FAA to allocate the LGA slots needed to continue operation of all three flights.

From 2000 to 2005, the number of PHG-LGA passengers grew from 4,000 to 137,900, an amazing increase reflecting the importance of the LGA flights to our community. Unless the FAA gives AirTran or PHF two slots under the Final Order, we will experience a significant economic damage – losing our third roundtrip to New York City.

The local visitor impact of that third roundtrip on Southern Virginia is an estimated \$20.6 million per year! The access our region has to New York City translates into incredible business opportunities for the companies and individuals in this area. Without the third roundtrip, our community, and this entire region will suffer undue hardship.

We very much appreciate that the FAA has made small communities and the promotion of competition a priority for LGA access. The Newport News/Williamsburg community has made great strides thanks to the FAA's efforts and that growth and prosperity will surely continue if three New York roundtrips remain available to our citizens. Therefore, please allocate two slots so that this community may retain our third PHF-LGA roundtrip.
